**Supplemental Preliminary Amendment of U.S. National Stage for  
International Application PCT/EP96/01755 filed 26 April 1996**

The specification has been amended to add appropriate U.S. headings and subheadings and to correct several minor typographical errors. Original figures 3 and 4 have been cancelled and replaced with the Sequence Listing that accompanies this amendment. In addition, the description of the drawings has been amended to conform to the drawings as amended and moved from page 22 to the appropriate part of the application. These amendments are purely formal and therefore add no new matter.

Lastly, the Sequence Listing has been added to comply with the requirements of 37 C.F.R. §§ 1.821-1.825. Support for the listings is found in Figures 3 and 4 of the original application, now deleted. Applicants' statements under 37 C.F.R. §§1.821(f) and (g) appear above.

Applicants respectfully request entry of this amendment, and should any fees be due for such entry, please charge Deposit Account No. 01-1250 in the appropriate amount.

Respectfully submitted,
